

CALCULATOR CHECKOUT PROCEDURE 2015-2016

Receipt # _____

Barcode # _____

1. Since we do not have enough calculators to issue every student, **only students with a confirmed need** will be allowed to check them out.
2. There is a **non-refundable \$25.00** CASH rental fee for **the semester**, unless you are taking a year-long math course like Math 1A and Math 1B.
3. Calculators are issued in working condition with working batteries and it is expected that they will be returned in the same condition. If the batteries are low in the returned calculator, there will be a **fine** assigned.
4. When you return this signed form to your teacher, he/she will get the calculator for you from the media center and will enter a **\$90 fine** that he/she will remove when you return the working calculator **to your teacher** at the end of the semester.
5. It is expected that the calculator will be used for **educational purposes** only. If **games or passwords or non-teacher-approved apps (including Mirage OS)** are put on the calculator, it will be confiscated and not returned. That means that you, the student, forfeits the opportunity to use the school calculator outside of class for the semester **and** forfeit the rental fee.

Signatures:

1. I have confirmed by talking to the parent that he/she is **unable to purchase** a graphing calculator for his/her child, who is taking my _____ class during the fall/spring (circle one), so I give my permission for _____ to check out a calculator. I have discussed with both the student and parent the expectations listed above.
